

## Spring 2009 Volunteer Workdays - "Four Sites, Four Days!"

**Saturday, May 2 • Saturday, May 16 • Saturday, May 30 • Saturday, June 13**

Volunteer your time and help the Conservancy preserve Kentucky's dry-stone heritage! The Conservancy coordinates Volunteer Workdays to provide previous workshop participants with opportunities to continue their fence restoration experience under the watchful eye of a DSC-certified drystone mason instructor, at no additional cost!

This spring we will concentrate our efforts on repairing four different historic rock fences in Woodford, Mercer, Bourbon and Fayette Counties. The original stone is still on site, we just need your experienced hands to help put them back together again.

*Master Craftsman David Kenley led a group of volunteers who helped restore this cemetery fence at Great Crossing Baptist Church in Scott County.*

Workdays take place from 9 a.m. to 4 p.m. each day.

You must have already participated on at least one DSC workshop to be eligible.

To register, please fax or mail the bottom portion of this form; we'll send more details and locations on receipt.
